- ✓ throughout Germany for just 40.60 €

Wir bewegen Dresden.

This is how you get your Jobticket as Deutschlandticket on your smartphone:

- 1 Your employer will inform you as soon as you can start to order your ticket.

- 2 You will receive an email, a message in your intranet or you will be informed by a notice on a bulletin board with a QR code or a link.

- 3 By scanning the QR code or clicking on the link, you get to the registration page.

- 4 Here you can create an account with your email address and a password. Please note: the chosen email address must be available on the smartphone you want to use for the ticket.

- 5 Shortly afterwards, you will receive an email. Please check also your spam folder. Then click on the link in the email to confirm your account.

- 6 Now you can fill in your ticket application form in your account. You have the possibility to choose the starting date. Once you have finished, click on „Subscribe“.

- 7 Your application will now be reviewed by your employer. This can take up to 5 working days. The ticket will be inactive until the decided starting date. It will be renewed automatically every month. You can order a ticket until the 20th of the previous month.

- 8 You can download the ticket as a WebTicket, as a link on the home screen or in the iOS/Android Wallet. The wallet is already pre-installed for iOS (Apple) devices, while the Google Wallet needs to be downloaded for Android devices.

- 9 The ticket is issued monthly and will be renewed automatically at the end of the displayed month. This needs to be activated by choosing „automatic update“ on Google or Apple Wallet. When the ticket is checked in the public transport, you just need to show the QR code and your ID card. We wish you a pleasant journey!

Do you already have a subscription for public transport? In this case, you first have to cancel the current ticket directly at the transport company that issued it. Our tickets can be cancelled easily in the section „Mein-Abo“ on our website.
